

The 2024 Clearwater Bay Rally was undertaken over the weekend of 20 and 21 April. 12 boats participated in the Rally on a new course that started at Shek O Rock and finished at Steep Island with a distance of about 13nm.

The course with both closed hauled and reaching legs and coupled with good sailing conditions on the day with an average wind speed of about 10knots and relatively calm waters provided for a good race that tested both crews and boats.

After the race, the boats headed to the Clearwater Bay Golf and Country Club for overnight mooring and a barbecue party which was attended by well over 70 participants. The event was bless with wonderful weather until after the barbecue when the heavens opened up with thunder, lightening and very heavy rain.

The conditions did not improve the next day with gusts up to 40knots while the boats left for home. With many positive feedback from the Rally, we intend to undertake this Rally as a regular event in our calendar.
